1. Log into mydevices.marshall.edu using MUNET Credentials

2. The device ID refers to your 3DS MAC address. To find this access your network settings by choosing the Wrench icon.

3. Next access choose Internet Settings icon.

4. Choose Connection Settings.

5. Choose New Connection.

7. Choose Search for Access Point.

8. Your 3DS will begin to search for an access point. When the search completes choose MUDeviceNet.

9. Your 3DS will report that the access point will be saved. Choose Okay.

10. Choose Okay to test connect.

If you have any questions or problems please contact the Marshall University IT Service Desk
