Network Device Setup

Adding your PS3, Wii, Xbox, Apple TV, Smart TV, Roku, etc. to the Network

1. Enter `mydevices.marshall.edu` into your Internet browser’s address bar.

Enter your **MUNet Username** and **Password**

Click **Sign On**

2. To add a device, enter the **Device ID**, which displays on your device as the MAC or Physical Address. It consists of 12 alphanumeric characters and must be entered into the system as 6 alphanumeric number pairs separated by colons: A1:B2:C3:D4:E5:F6

Enter what **Type of Device** it is into the description box.

Click **Submit**

3. If successful, your device will appear in the **Your Devices** list.
